### DELUXE

Day	Hotel/Lodge/Camp
1	Tarangire Sopa Lodge
2	Lake Manyara Serena Lodge
3	Ngorongoro Serena Lodge
4	Depart

### QUOTATION FULL ITINERARY

#### DAY 1: ARRIVAL/ARUSHA/TARANGIRE: L, D.

Pick-up ex Arusha. Safari briefing and depart for Tarangire National Park. Arrive, check-in and lunch at your lodge. Afternoon game drives. Tarangire has an unusual and compelling landscape. Grassy savannah and woodlands, liberally dotted with ancient and massive Baobab trees give the park a slightly surreal or primeval aspect, especially when they have no leaves. The Tarangire river attracts migratory animals in large numbers and is an ideal place to see elephant, buffalo, lion, leopard, hyena, giraffe, baboon, warthog and a wide variety of plains game, especially during the dry season Jul-Oct. There are over 300 species of bird in Tarangire and best time for bird watching here is December to May. Spend 1 night at your camp/Lodge on full board.

#### DAY 2: LAKE MANYARA: B, L, D.

Breakfast at the lodge. Depart for Lake Manyara National Park. Arrive, check-in and lunch at your camp/Logdge. Afternoon game drives. Lake Manyara National park is unique for its diverse and distinct Ecological zones ranging from the rocky Rift wall and ground water forest to woodland, open grassland, thermal springs and swamp. This diversity of habitat allows the visitor to see a wide variety of wildlife in a relatively small area. Look out for the rare tree-climbing Lions, monkeys galore in the tropical rain forest, hippo and flamingo around the lake and plenty of plains game grazing on the savannah. Afternoon exit and proceed for a tour of the Elephant caves and consequent nature walk. Spend 1 night on full board.

#### DAY 3: NGORONGORO: B, L, D.

Breakfast at the lodge. Depart for Ngorongoro Conservation Area. Arrive at the lodge. Check-in. Picnic lunch boxes will be provided. Descend into Ngorongoro Crater floor for game drives. A first glimpse of Ngorongoro leaves one literally breathless. Once a huge volcano, probably larger than Kilimanjaro, it is now a vast circular amphitheatre, spectacularly beautiful and a garden of Eden for huge numbers of wildlife. The animals are resident throughout the year and it is not difficult to find four of the "Big Five" elephant, lion, buffalo and rhino. Spotting leopard requires sharp eyes and a bit of luck! Centrepiece of the extensive floor is Crater lake with its pink mantle of Flamingo and other birdlife. Spend 1 night at the lodge/camp on full board.

#### DAY 4: NGORONGORO/ARUSHA

Breakfast at the lodge. Depart for Arusha. Arrive and lunch on own arrangements. Dropped off at your hotel/Residence within Arusha.

- Any excess baggage will be charged by the airline at check-in.
- Passengers arriving in Kenya and Tanzania may be asked to present a valid Yellow
- Fever Vaccination Certificate.

The price quoted and services will be subject change depending on availability at the time of booking.

**SAFARI TIPS.**

While planning an East African Safari can seem like a daunting task, it doesn't have to be! Take the stress out of the experience with this helpful summary of the key things you need to think about before you jet off. Once you have all of them covered, you can sit back, relax, and look forward to your safari adventure.

**Note:**

While this is a general guide to vaccinations required for your East African safari, you should always visit your doctor before your departure to obtain the best advice. A pre-trip health check and discussion of what vaccines are necessary for you, as well as how to deal with any unique health concerns, is imperative for a safe and enjoyable safari.

**4. Clothing**

On an East African safari, you should go for comfort and convenience when it comes to your clothing. Some of the things you should remember, include:

- Bring lightweight layers in both long and short lengths, plus socks, sleepwear, and swim wear.
- Always take a sweater or fleece jacket, as it can get quite chilly at night and during early mornings.
- Unless you're planning to trek, bulky hiking boots are rarely necessary. However, a comfortable pair of lightweight trainers are a must and if you're planning on going to the beach after your safari, don't forget your flip-flops.
- Don't forget a hat, as you'll want to protect your face and scalp from the equatorial sun.
- It's not recommended to wear bright colors on safari, so consider buying some khaki, dark green, or darker colored clothes before your trip.

**Passports & Visas**

- A full passport with at least six-month validity from the date of departure is generally required for travel.
- It is recommended that travelers contact the relevant Consulate/Embassy prior to travel for

current visa requirements.

### **Applying for a Kenyan Visa**

- NEW VISA REQUIREMENT: From 01 January 2021 all visitors requiring a visa to enter Kenya will need to apply for an e-visa online,
- in advance before leaving their country or boarding the aircraft.
- No Visas will be issued on arrival in Kenya. Click this link for more information about how to apply. <http://evisa.go.ke/evisa.html> \$50 USD application fee

### **Applying for an East African Visa**

One of the greatest things to happen to East African tourism over the past few years is the introduction of the East African visa. This visa allows you access to Kenya, Uganda, and Rwanda, and it's not only a time saver, but it also works out considerably cheaper than purchasing individual visas.

### **To apply for the East African Visa, you'll need the following:**

- A passport with at least six months validity
- One standard sized passport photograph
- A completed application form

**Tip:** It's important that you apply for the East African visa with the country from which you will begin your travels. The visa will be valid for 90 days from the date marked in your passport.

### **Currency**

- Credit & debit cards (MasterCard, American Express, Diners Club and Visa) are widely accepted in the cities. ATMs banks and Bureau de Changes are found throughout major towns. Cash is king, although it is advised that you limit the amount of money you carry on your person.
- Some African countries will accept USD, GBP or EUROS, but Kenya requires Rand (KES).
- Most safaris are all-inclusive when it comes to food and drink, but you still need money for certain activities, local purchases, and tipping. That's why it's a good idea to carry some local currency with you.

### **Carrying US Dollars**

The US dollar is widely accepted by international hotels and safari camps in East Africa and travellers cheques are also an option. Visa cards are usually a safe bet, no matter where you go.

**Tip:** You may want to consider changing money at the airports, as banks there usually give better exchange rates than hotels.

### **Health & Medical Facilities**

#### **\*\*\* All of the countries we represent are Ebola free \*\*\***

- Ensure that you have adequate travel & health insurance cover.
  - South Africa has excellent medical care and facilities compare favorably with international standards.
- Malaria Vaccinations & Yellow Fever Certificates may be required for certain countries.
- Please consult your local doctor or travel clinic for advice prior to departure for appropriate medication.

### **Vaccinations and Health Requirements**

When travelling to East Africa, there is only one shot that is compulsory, and that is the yellow fever vaccine, but there are other health precautions and vaccinations recommended by the WHO and CDC, which include:

- Typhoid
- Hepatitis A and B
- Meningitis
- Polio
- Influenza
- Measles, mumps, and rubella (MMR)

## Tipping

Tipping is optional and dependent on the level of service. Although it is customary and considered an insult if you do not.

- As a guideline, a minimum of 10% should be added to restaurant bills.
- For guides and/or drivers please calculate USD 5 - 9 per person per day (or equivalent).
- For rangers and trackers when on safari please calculate USD 5 - 9 per person per day (or equivalent).
- Porterage ranges between USD 1 - 2 per person per service (or equivalent).
- For helpful petrol attendants, USD 1 (or equivalent) is perfectly acceptable.
- When assisted by a car guard, it is a custom to tip USD 1

## Tax

Value-added-tax (VAT) of 14% / 16% is charged on most items.

When visiting South Africa & Namibia, be sure to request a tax invoice for larger purchases as foreign visitors may claim back VAT paid on items taken out of the country when the total valued exceeds USD 18.93. It is advisable to keep these purchases in your hand luggage as you will need to present the items at the VAT Refund Administration for inspection and endorsement of the tax invoices when departing the country.

A Tax Invoice must include the following:

- The words "Tax Invoice"
- A Tax Invoice number
- The seller's VAT Registration number
- Date of Issue of the Tax Invoice
- The seller's name and address
- The buyer's name and address
- A full description of the goods purchased
- The cost of the goods in Rands
- The amount of VAT charged or a statement that VAT is included in the total cost

## Wildlife Photography

Animals don't stop for selfies, so be quick on the finger!

- Avoid getting too close, some animals are dangerous and in the wild - uncontrollable. Experiment at home in the garden and with the cat or dog to learn how your camera works and perfect your technique. For instance, which is the anti-motion, or motion button? Does it have a landscape function? What sort of zoom range does it have? How do you set it to manual and change the aperture and shutter speed?
- Observe the animals silently and with a minimum of disturbance - loud talking on game drives can frighten the wildlife away. Early morning and evening game drives offer exceptional lighting opportunities.
- Don't be in a hurry to cover the most distance, stay in a well set up position for a while - you'll be amazed by what may enter your frame.

most importantly, be sure to enjoy the whole view - not just the one from behind your lens. Stop and look around every once in a while!

## Safety

Most areas are as safe as any other destination in the world, however, basic common-sense precautions should be used:

- Ask the concierge at your hotel which areas are safe to walk around in and when
- Travel in groups or pairs and always choose well-lit areas
- Order taxis or transport ahead of time
- Carry only as much cash as necessary
- Don't leave your property unattended
- Be aware of pickpockets and petty criminals
- Don't draw attention to yourself by flaunting valuables around openly or counting your cash at the ATM
- Carry a copy of your passport in a separate section of your luggage

## What to Bring on Safari

### Clothing

Most lodges and safari camps offer laundry as part of their service, so you can afford to pack lightly.

- 2x khaki/brown cotton trousers
- 2x pairs khaki/brown shorts
- 3x long sleeved shirts/blouses
- 1x fleece/jersey
- 1x lightweight, waterproof jacket
- 1x Swimming costume
- 1x Walking or hiking boots
- 1x Sandals
- 4x short-sleeved shirts or T-shirts
- 5x underwear 5x socks
- 1x Hat with a brim
- 1x Gloves (if you really feel the cold)
- 1x Sarong or kikoi type garment

### The Must-Haves For Your East African Safari

Before you leave for your East African Safari, make sure to have these items packed and ready to go:

- Mosquito repellent
- Sunblock/Body lotion
- Any prescription drugs (keep these in your hand luggage)
- A camera
- Electrical adaptors
- Sunglasses
- Binoculars (a pair per person)
- A small bag or day pack

### The Basics

- Sunscreen
- Toiletries
- Insect repellent
- Sunglasses
- Camera (with extra memory card and batteries)
- Binoculars
- Lip balm
- Hand wipes
- Wildlife checklist (or just paper) & a pen

## CANCELLATION POLICY.

In the event of written cancellation, the following forfeiture of the programme cost will be assessed based on the number of days prior to programme departure that the cancellation was received:

- 90-60 days prior 20% of the programme cost
- 59-30 days prior to 50% of the programme cost
- 29 days or less 100% of the programme cost
